The End of **COVID**

3

THE END OF COVID IS EXACTLY WHAT IT SOUNDS LIKE.

For the first time ever, we're coming together to educate the public on a mass scale about everything that's transpired over the past 3 years. And so much more.

With **90 SESSIONS**, The End of Covid will cover everything from electron microscopy to masks. We're going all the way back to the origins of the germ theory of disease, and touching on every so-called "pandemic" up to the present.

Exposing the granular details of these concepts to the masses is the only way we can put an end to this fictional reality show once and for all.

FINALLY, THE SHOW IS OVER.

The End of COVID is a collaborative effort - a collection of perspectives and expertise from a wide variety of sources. This includes doctors who have a long list of credentials, and holistic health practitioners with no abbreviations next to their names. It includes self-published authors, and New York Times best-sellers - prominent media personalities, and relatively unknown independent journalists.

The common thread is that this project was put together by men and women seeking the truth.

It wasn't funded by pharmaceutical interests, informed by scientific dogma, or backed by the corporate press.

It was made with intention - by mankind, for mankind.

So that we never have to see this show again.

We never have to mask up or be spaced apart. We never have to fear germs or fall for medical propaganda. Because, now, we know better.

We know the real history of virology and vaccines. We know the institutions and influences behind "the science." And we know how we can step into our power and stand up to the nonsense.

This means the show is over. The trick has been revealed.

Never again can we be fooled, persuaded, or coerced.

Instead, we can all turn off the broadcast. And move on toward a life of health, happiness, and sovereignty.

HELP US CONTINUE TO RAISE AWARENESS BY PRINTING OFF THE NEXT FEW PAGES AND POSTING THEM AROUND YOUR COMMUNITY.

THE CURTAIN IS CLOSING ON PANDEMICS.
